

RIO METRO
REGIONAL TRANSIT DISTRICT

RIDER ALERT

ROUTES 504-505B SERVICE CHANGE

Effective Monday, December 4, 2017, Rio Metro will no longer operate bus routes 504/505B in the early morning. These routes will be restructured to provide weekday, mid-day service from Valencia County and the Pueblo of Isleta to Downtown Albuquerque. Up until that date, routes 504/505B will operate according to their current schedule.

We apologize for the inconvenience this change creates for current 504/505B passengers. In mid-October, Rio Metro will provide more detailed information about the new service in our e-newsletter and on our website, riometro.org.

For more information regarding this change, please contact Rio Metro Customer Service at (866) 795-7245 or email riometro@mrcog-nm.gov.
